

Respectfully Guiding Caregiving Decisions

When you need caregiving guidance and answers, you want someone that you can depend on. At Pathfinder Care Management we are committed to providing you with knowledgeable and trustworthy caregiving advice.

What is a Pathfinder Care Manager?

A Pathfinder Care Manager is a registered nurse or licensed social worker who has obtained a graduate degree or advanced certification in gerontology. Our Care Managers have over 100 years of combined experience in supporting older adults, persons with disabilities and their families. We are your expert consultants and advocates.

What can a Pathfinder Care Manager do?

A Pathfinder Care Manager can be your guide in identifying needs and strengths, navigating options and coordinating resources to maintain your quality of life and independence.

Why Pathfinder Care Management?

Since 2002 we have been recognized by the senior care industry as a leader in providing expert short-term or ongoing individualized care services for older adults in the Minneapolis/St. Paul metro area. We are committed to continue giving objective, expert and trustworhty caregiving advice.

* Pathfinder Care Management is not affiliated with any other healthcare provider and referral fees are never accepted or paid.

Does This Sound Familiar?

“

I feel like we need an ‘insider’ on our side who can make sure we’re getting the best possible treatment.

“

Between the doctors, the pharmacies, the rental agencies, and the insurance, I feel tied in knots — and it is consuming a lot of my time.

“

We need an objective third party who can help all of us agree on what is best for our family.

Because we do most anything a caring family member would do for an elder, many of our clients think of us as their “Rent A Daughter™.”

Owner/Care Manager Kathleen Dempsey, R.N., BSN, Gero-BC., founded Pathfinder Senior Care Consulting in 2002 out of a desire to provide excellent advocacy and care consulting to seniors and their families.

Kathleen and her team of Care Managers who are Registered Nurses and Licenses Social Workers remain committed to providing the best care management services while respectfully guiding caregiver decisions.
